The novel Blue at the Mizzen is the twentieth and last completed historical novel in the Aubrey-Maturin series by Patrick O'Brian, first published in 1999. It is set after the Napoleonic wars, in the fight for Chilean independence from Spain. Aubrey and Maturin, having heard the details of Napoleon's defeat at Waterloo and having collected their share of the prize from their last capture, set sail for the dual mission of charting the Chilean coast and aiding those who seek independence from Spai

**Blue at the Mizzen - Wikipedia**

As Aubrey and Maturin slow down with age, so do their adventures. And yet regardless of the slackening of excitement and intrigue - elements so prevalent in most of the prior books - I still found Blue at the Mizzen enjoyable, partly because I'm so comfortably familiar with the characters and partly because of the beautifully crafted prose. However, if this had been the first O'Brian book I'd ever read, its uneventfulness might have made me shy away from his work.

**Blue at the Mizzen (Aubrey & Maturin #20) by Patrick O'Brian**

Although Blue at the Mizzen is readable on its own, it is perhaps an injustice to it to do so. The book, as with any one of Patrick O'Brian's Aubrey/Maturin novels, is merely chapter 20 in what is trully an epic. Each volume/chapter is integral; there is not a single weak link in the tale.

Jack Aubrey of the English Royal Navy and Stephen Maturin, ship's doctor ...

"The old master has us again in the palm of his hand."—Los Angeles Times (a Best Book of 1999)
Napoleon has been defeated at Waterloo, and the ensuing peace brings with it both the desertion of nearly half of Captain Aubrey's crew and the sudden dimming of Aubrey's career prospects in a peacetime navy. When the Surprise is nearly sunk on her way to South America—where Aubrey and Stephen Maturin are to help Chile assert her independence from Spain—the delay occasioned by repairs reaps a harvest of strange consequences. The South American expedition is a desperate affair, and in the end Jack's bold initiative to strike at the vastly superior Spanish fleet precipitates a spectacular naval action that will determine both Chile's fate and his own.

Now that the Napoleonic Wars are over, frigate captain Jack Aubrey faces desertion, near sinking, and brawls with British sailors—all before he reaches his next destination, Chile—where he will help the fledgling country break free of Spain and takes on some notable passengers. Reprint. 50,000 first printing.
Aubrey and Maturin are sent to help Chile assert its independence from Spain. Aubrey's new midshipman is Horatio Hanson, the unacknowledged bastard of the Duke of Clarence.

The seventeenth novel in the best-selling Aubrey/Maturin series of naval tales, which the New York Times Book Review has described as "the best historical novels ever written." Having survived a long and desperate adventure in the Great South Sea, Captain Jack Aubrey and Stephen Maturin return to England to very different circumstances. For Jack it is a happy homecoming, at least initially, but for Stephen it is disastrous: his little daughter appears to be autistic, incapable of speech or contact, while his wife, Diana, unable to bear this situation, has disappeared, her house being looked after by the widowed Clarissa Oakes. Much of The Commodore takes place on land, in sitting rooms and in drafty castles, but the roar of the great guns is never far from our hearing. Aubrey and Maturin are sent on a bizarre decoy mission to the fever-ridden lagoons of the Gulf of Guinea to suppress the slave trade. But their ultimate destination is Ireland, where the French are mounting an invasion that will test Aubrey's seamanship and Maturin's resourcefulness as a secret intelligence agent. The subtle interweaving of these disparate themes is an achievement of pure storytelling by one of our greatest living novelists.

"One of the best novelists since Jane Austen....The Hundred Days may be the best installment yet....I give O'Brian's fans joy of it."—Philadelphia Inquirer
Napoleon, escaped from Elba, pursues his enemies across Europe like a vengeful phoenix. If he can corner the British and Prussians before their Russian and Austrian allies arrive, his genius will lead the French armies to triumph at Waterloo. In the Balkans, preparing a thrust northwards into Central Europe to block the Russians and Austrians, a horde of Muslim mercenaries is gathering. They are inclined toward Napoleon because of his conversion to Islam during the Egyptian campaign, but they will not move without a shipment of gold ingots from Sheik Ibn Hazm which, according to British intelligence, is on its way via camel caravan to the coast of North Africa. It is this gold that Jack Aubrey and Stephen Maturin must at all costs intercept. The fate of Europe hinges on their desperate mission. "The Hundred Days is certain to delight O'Brian's fans, for whom happiness is an unending stream of Aubrey/Maturin books....[It] is a fine novel that stands proudly on the shelf with the others."—Los Angeles Times

The sixteenth volume in the Aubrey/Maturin series, and Patrick O'Brian's first bestseller in the United States. At the outset of this adventure filled with disaster and delight, Jack Aubrey and Stephen Maturin pursue an American privateer through the Great South Sea. The strange color of the ocean reminds Stephen of Homer's famous description, and portends an underwater volcanic eruption that will create a new island overnight and leave an indelible impression on the reader's imagination. Their ship, the Surprise, is now also a privateer, the better to escape diplomatic complications from Stephen's mission, which is to ignite the revolutionary tinder of South America. Jack will survive a desperate open boat journey and come face to face with his illegitimate black son; Stephen, caught up in the aftermath of his failed coup, will flee for his life into the high, frozen wastes of the Andes; and Patrick O'Brian's brilliantly detailed narrative will reunite them at last in a breathtaking chase through stormy seas and icebergs south of Cape Horn, where the hunters suddenly become the hunted.

Napoleon has been defeated at Waterloo, and the ensuing peace takes on an ugly complexion for Captain Jack Aubrey: there are drunken, violent celebrations by the English sailors in Gibraltar; nearly half his crew deserts; and his career prospects are suddenly dimmed in a peacetime navy. To cap it off, the Surprise is nearly sunk in a collision on her way to South America, where Jack and Stephen Maturin are to help Chile assert her independence from Spain. And the delay occasioned by repairs has some strange consequences . . .

Includes facsimile of the manuscript.

In Malta for much needed repairs on his ship, Captain Jack Aubrey must rely on his ship's surgeon and intelligence agent, Stephen Maturin, to outwit Napoleon's agents

The inspiration for the major new motion picture starring Russell Crowe. The war of 1812 continues, and Jack Aubrey sets course for Cape Horn on a mission after his own heart: intercepting a powerful American frigate outward bound to play havoc with the British whaling trade. Stephen Maturin has fish of his own to fry in the world of secret intelligence. Disaster in various guises awaits them in the Great South Sea and in the far reaches of the Pacific: typhoons, castaways, shipwrecks, murder, and criminal insanity.
