Re-released in a second edition with new content. Laura Niles walked out the door and never looked back. As she left Washington, DC, her career was in ruins and her love life decimated. Her desperate flight eventually led her to Bliss, Colorado, where she managed to find a new home and a little peace. That will have to be enough because Laura cannot imagine finding happiness without the men she left behind. For five years, Rafe Kincaid and Cameron Briggs have searched for the only woman they ever loved. When she disappeared, everything became crystal clear. For one night, everything had been perfect and instead of embracing what they had found, they let it all slip away. They had let worries about their FBI careers and what others might think destroy the most precious gift they had ever been given. Now they have finally tracked her down, and they want answers. Laura is shocked when her former loves show up in her new home. When the full force of the FBI arrives with them, Laura knows that the quirky little town is in for a rough ride. The killer that ruined her life has been watching and waiting for the opportunity to strike again. For Rafe, Cam, and Laura it's time for second chances — to stop a monster, and to reclaim everything they lost.

We're the D'Artigo sisters: savvy half-human, half-Fae operatives for the Otherworld Intelligence Agency. My sister Delilah is a two-faced werecat and a Death Maiden. Menolly is a vampire married to a gorgeous werewolf. And me? I'm Camille, a Moon witch married to three hunky husbands, and I'm about to journey through the veils to search for a long lost legend... With the war in Otherworld raging, the Queen of Shadow and Night summons me to her court. Aeval orders me on a quest through the mists to find an ancient ally of hers. I am to seek out The Merlin and wake him from his long sleep. Surrounded by danger on all sides, with Morgaine and Bran along for the journey, I must pray they are allies rather than enemies, as we undertake a perilous search through the labyrinth of time...

Coteaching and cogenerative dialoguing are ways of learning to teach that truly bridge the gap between theory and praxis, as new teachers learn to teach alongside peers and more experienced teachers. These practices are also means of overcoming teacher isolation and burnout. Through cogenerative dialogue sessions, new and experienced teachers, university supervisors, researchers, and administrators are able to create local theory for the purpose of improving teaching and learning. In this book, contributors from four countries report on how coteaching and cogenerative dialoguing worked in their situation.
