The Nature of Aesthetic Value proposes that aesthetic goodness, the property in virtue of which works of art are valuable, is a matter of their capacity in appropriate circumstances to give satisfaction. It inquires into the nature of this satisfaction, arguing that it consists of the extension and clarification of consciousness. This provides a basis for treatment of the ancient problem of the relation between cultivation of the arts and the pursuit and maintenance of the true and the good. The book summarizes critics' judgments and arguments on literature, the visual arts, and music, testing the author's theory about the nature of aesthetic opinion.

"Kangaroo Courts and the Rule of Law -The Legacy of Modernism addresses the legacy of contemporary critiques of language for the concept of the rule of law. Between those who care about the rule of law and those who are interested in contemporary legal theory, there has been a dialogue of the deaf, which cannot continue. Starting from the position that contemporary critiques of linguistic meaning and legal certainty are too important to be dismissed, Desmond Manderson takes up the political and intellectual challenge they pose. Can the rule of law be re-onfigured in light of the critical turn of the past several years in legal theory, rather than being steadfastly opposed to it? Pursuing a reflection upon the relationship between law and the humanities, the book stages an encounter between the influential theoretical work of Jacques Derrida and Mikhail Bakhtin, and D.H. Lawrence's strange and misunderstood novel Kangaroo (1923). At a critical juncture in our intellectual history - the modernist movement at the end of the first world war - and struggling with the same problems we are puzzling over today, Lawrence articulated complex ideas about the nature of justice and the nature of literature. Using Lawrence to clarify Derrida's writings on law, as well as using Derrida and Bakhtin to clarify Lawrence's experience of literature, Manderson makes a robust case for 'law and literature.' With this framework in mind he outlines a 'post-positivist' conception of the rule of law - in which justice is imperfectly possible, rather than perfectly impossible." -- Publisher's website.

John Moffatt and Rosemary Leach star in this BBC Radio 4 production of No\u00ebl Coward's patriotic play about the ups and downs of a working-class family between 1919 and 1939. 'This Happy Breed' opens in 1919, when the Gibbons family have just moved to their smart new home in the suburbs of South London. Against a background of social change and national upheaval spanning twenty years, the family celebrate their own triumphs and deal with their personal traumas. Coward's moving and humorous production, showing what life was like for a typical suburban family between the wars, was a huge hit and was adapted into a famous 1944 film starring John Mills and Celia Johnson. Among the distinguished cast in this 1989 BBC Radio 4 production are John Moffatt, Rosemary Leach, Anna Cropper, and Doris Hare.

Ben Brice examines Coleridge's poetry and prose between 1795 and 1825 in the context of important philosophical and theological debates with which the poet was familiar. He explores Coleridge's scepticism about his own theory of symbolism, which was so fundamental to his poetic vision, and presents a new and original account of why this anxiety and doubt was present in Coleridge's writings.
