Chapter 10. Professional issues related to Management Accounting and Management Accountants are emphasized. Chapter topics cover the accountant's role in the organization to performance measurement, compensation, and multinational considerations. For future accountants who want to enhance their understanding of-and ability to-solve cost accounting problems.

The most practical, real-world presentation of cost accounting on the market, this book blends a traditional and proven method of teaching cost accounting with the integration of innovative topics. Cost topics are covered in the context of organizational strategy and operational tactics, as cost management decisions are sensitive to strategies driven by quality, cost, and innovation. Kinney, Prather-Kinsey, and Raiborn reinforce the material with real-world examples and visual illustrations that bring cost management techniques into the student's sphere of understanding. A flexible organization appropriate for either a one- or two- semester course--coupled with clear and abundant visual presentations--allows students to clearly understand difficult topics. The text's revised organizational structure streamlines chapter materials as well as reduces redundancy between cost accounting and other business courses.

A beauty on the run meets a beast on a mission in this modern-day story of vengeance, seduction, and intrigue—a spellbinding short novel in the *Once Upon a Time* series from bestselling author Kay Hooper. Erin Prentice has come to Miami to take a break from controlling men and figure out her next move. The last thing she expects is to fall for a charismatic stranger on the other side of her hotel balcony—a disembodied voice in the darkness before dawn, with

whom she shares a moving conversation and a craving for more. There's so much power, so much pain, in his words; Erin senses he has dangerous secrets. But when she gets an eyeful of her powerfully built mystery man, Erin runs right into his arms. Keith Donovan is here to take revenge on the scumbags who killed his family. It's the exact wrong time to start something new, to want a woman so badly he'd do anything to protect her. But the bond he shares with Erin has him thinking with his heart, not his head. Keith has dedicated each waking moment to retribution. Now Erin's touch makes him want everything he thought he'd given up on: a bright future, a second chance, and a life built on love. Includes an excerpt from another Loveswept title.

Hansen/Mowen's CORNERSTONES OF COST MANAGEMENT, 4E demonstrates the dynamic nature of cost accounting in today's changing business environment. The book covers functional-based cost and control, and then activity-based cost systems, giving students the skills to manage any cost management system. Developed using extensive research on student learning behavior, this book presents concepts in a unique format that speaks to how students learn. Cornerstones examples in each chapter emphasize the How, Why, and What-Ifs of basic cost management concepts, while delving into the conceptual nature of each equation or topic.
