Development Economics Theory Empirical Research And Policy ...
Development economics is a branch of economics which deals with economic aspects of the development process in low income countries. Its focus is not only on methods of promoting economic development, economic growth and structural change but also on improving the potential for the mass of the population, for example, through health, education and workplace conditions, whether through public or private channels. Development economics involves the creation of theories and methods that aid in the

Development economics - Wikipedia

The Economics Group of IIM Calcutta is hosting an international conference on 'New Directions in Economic Theory and Empirical Economics' on August 17-18, 2018 at IIM Calcutta. The two-day conference aims to promote exchange of research ideas in Theoretical and Empirical Economics. Professor Jeffrey S Racine, McMaster University, Professor Maitreesh Ghatak, London School of Economics, and Prof. Amartya Lahiri, Director CAFRAL are the plenary speakers.
