Emmaline Nelson and her sister Birdie grow up in the hard, cold rural Lutheran world of strict parents, strict milking times, and strict morals. Marriage is preordained, the groom practically predestined. Though it's 1958, southern Minnesota did not see changing roles for women on the horizon. Caught in a time bubble between a world war and the ferment of the 1960's, Emmy doesn't see that she has any say in her life, any choices at all. Only when Emmy's fiancé shows his true colors and forces himself on her does she find the courage to act—falling instead for a forbidden Catholic boy, a boy whose family seems warm and encouraging after the sere Nelson farm life. Not only moving to town and breaking free from her engagement but getting a job on the local newspaper begins to open Emmy's eyes. She discovers that the KKK is not only active in the Midwest but that her family is involved, and her sense of the firm rules she grew up under—and their effect—changes completely. Amy Scheibe's A FIREPROOF HOME FOR THE BRIDE has the charm of detail that will drop readers into its time and place: the home economics class lecture on cuts of meat, the group date to the diner, the small-town movie theater popcorn for a penny. It also has a love story—the wrong love giving way to the right—and most of all the pull of a great main character whose self-discovery sweeps the plot forward.

February 2002. A helpless nation watches as the city of Ahmedabad in India is rocked by religious violence. Before sunrise the next day, more than a hundred Muslim men, women and children will be killed, most of them burnt alive. Above the smoke and flames, the dead decide to intervene. So begins Fireproof. Raj Kamal Jha's mesmerizing new novel, in which the murdered whisper from footnotes and photographs. At the heart of the novel is its narrator Jay – a man who carries with him an unspeakable secret and a newborn baby – and a mystery woman, who writes with her fingers on glass, drawing man and child out of their home and on a journey across the burning city. From the author of The Blue Bedspread and If You Are Afraid of Heights, comes a work of fiction that challenges the way we look at the most twisted events of our times. Evoking both terror and tenderness, Fireproof is a compelling testimony to the ordinary nature of collective evil, and to the extraordinary power of individual conscience.
