Freedom From Fear explores how the nation agonized over its role in World War II, how it fought the war, why the United States won, and why the consequences of victory were sometimes sweet, sometimes ironic. In a compelling narrative, Kennedy analyzes the determinants of American strategy, the painful choices faced by commanders and statesmen, and the agonies inflicted on the millions of ordinary Americans who were compelled to swallow their fears and face battle as best they could.

Into our third decade of the 21st century, Americans are coming to understand and appreciate Freedom from Fear from a different perspective than when the phrase was introduced by Franklin Roosevelt in his State of the Union address in 1941 . At the time, Europe was engaged in a war that would soon escalate and involve the entire civilized world. In giving Freedom from Fear an iconic image in 1943, the painter Norman Rockwell shows a couple tucking their children into bed. their faces full of ...
