The new Holt McDougal Mathematics for middle school provides complete and comprehensive coverage of the Common Core State Standards with content and standards of mathematical practices documented throughout every lesson. The unique integrated assessment and intervention features, Are You Ready and Ready To Go On, demonstrate if the students have the prerequisite depth of knowledge to proceed with the chapter content. In order to be a good problem solver, students need a good problem-solving process. The process used in this book is: understand the problem, make a plan, solve, look back. - Publisher.

"Unpacking the Standards features focus on important academic vocabulary and offer examples and non-examples to clarify learning goals. Interactive lessons allow you to actively participate and develop a deeper understanding of math concepts. Practice and Problem Solving pages provide opportunities for mathematical modeling as you practice and apply new concepts in real-world contexts. Leveled Performance Tasks and Problem Solving Connections help you pull together math concepts and skills and apply them to real-world situations. Assessment Readiness provides you with opportunities to practice and prepare for your high-stakes test. QR codes make it easy to use your smart phone or tablet to access online resources, including video tutorials, interactive animations, and PARCC assessment readiness practice."--Back cover.

Interactive Notebooks: Math for grade 8 is a fun way to teach and reinforce effective note taking for students. Students become a part of the learning process with activities about rational numbers, multistep equations, functions, the Pythagorean theorem, scatter plots, and more! --This book is an essential resource that will guide you through setting up, creating, and maintaining interactive notebooks for skill retention in the classroom. High-interest and hands-on, interactive notebooks effectively engage students in learning new concepts. Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun, colorful pages for each topic. With this note-taking process, students will learn organization, color coding, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year. --Spanning grades kindergarten to grade 8, the Interactive Notebooks series focuses on grade-specific math, language arts, or science skills. Aligned to meet current state standards, every 96-page book in this series offers lesson plans to keep the process focused. Reproducibles are included to create notebook pages on a variety of topics, making this series a fun, one-of-a-kind learning experience.

State-adopted textbook, 2015, Grade 8.
