### IOSH MANAGING SAFELY COURSE {HOW LONG TO RECEIVE RESULTS

The IOSH Managing Safely course is perfectly suited for managers and supervisors in many organisations across a broad range of sectors. This course aims to help inform individuals with a responsibility to manage risk and resources, about the health and safety industry, so they can enforce such knowledge within the workplace confidently.

Accidents and cases of occupational ill-health are commonly associated with aspects of human behaviour and the potential for human error. Human Factors and Behavioural Safety is not written for psychologists, but instead gives health and safety professionals and students a broad overview of human factors and those aspects of human behaviour which have a direct effect on health and safety performance within organisations. Particular attention is paid to: \* the role of the organisation in promoting safe behaviour \* the sensory and perceptual processes of people \* behavioural factors, such as attitude, motivation and personality \* the process of attitude change \* theories of personal risk taking and accident \* the importance of good communication, change management and stress management

This book presents the proceedings of the International Conference on Health, Safety, Fire, Environment, and Allied Sciences (HSFEA 2018). The book highlights the latest developments in the field of science and technology aimed at improving health and safety in the workplace. The volume comprises content from leading scientists, engineers, and policy makers, discussing the effect of vehicular pollution, process, engineering, construction and other industrial activities on air quality and the impact these have on health and the environment. The contents of this volume will be of interest to researchers, practitioners, and policy makers alike.

The Fourth Edition of this essential health and safety guide has been revised to meet the February 2010 specification for the NEBOSH National Diploma in Occupational Health and Safety.

Water risks and security are a major global hazard in the 21st century and it is essential that water professionals have a solid grounding in the principles of preventative risk management. This second edition of the key textbook, Risk Management for Water and Wastewater Utilities, extends beyond first principles and examines the practicalities of resilience and vulnerability assessment, strategic risk appraisal and the interconnectedness of water utility risks in a networked infrastructure. It provides an up-dated overview of tools and techniques for risk management in the context of the heightened expectations for sound risk governance that are being made of all water and wastewater utilities. Risk Management for Water and Wastewater Utilities provides a valuable starting point for newly appointed risk managers in the utility sector and offers MSc level self-paced study with self-assessment questions and abbreviated answers, key learning points, case studies and worked examples.

The Fire Safety and Risk Management Revision Guide: for the NEBOSH Fire Certificate is the perfect revision aid for students preparing to take their NEBOSH National Certificate in Fire Safety and Risk Management. As well as being a handy companion volume to the Fire Protection Association textbook Fire Safety and Risk Management: for the NEBOSH National Certificate in Fire Safety and Risk Management, it will also serve as a useful aide-mémoire for those in fire safety roles. The book: provides practical revision guidance and strategies for students; highlights the key information for each learning outcome of the current NEBOSH syllabus; gives students opportunities to test their knowledge based on NEBOSH-style questions and additional exercises; provides details of publically available guidance documents that students will be able to refer to. The revision guide is fully aligned to the current NEBOSH syllabus, providing complete coverage in bite-sized chunks, helping students to learn and memorise the most important topics. Throughout the book, the guide refers back to the Fire Safety and Risk Management textbook, helping students to consolidate their learning.

Offers guidance for employers and self employed people in assessing risks in the workplace. This book is suitable for firms in the commercial, service and light industrial sectors.

Even since computers were invented, many researchers have been trying to understand how human beings learn and many interesting paradigms and approaches towards emulating human learning abilities have been proposed. The ability of learning is one of the central features of human intelligence, which makes it an important ingredient in both traditional Artificial Intelligence (AI) and emerging Cognitive Science. Machine Learning (ML) draws upon ideas from a diverse set of disciplines, including AI, Probability and Statistics, Computational Complexity, Information Theory, Psychology and Neurobiology, Control Theory and Philosophy. ML involves broad topics including Fuzzy Logic, Neural Networks (NNs), Evolutionary Algorithms (EAs), Probability and Statistics, Decision Trees, etc. Real-world applications of ML are widespread such as Pattern Recognition, Data Mining, Gaming, Bio-science, Telecommunications, Control and Robotics applications. This books reports the latest developments and futuristic trends in ML.

Write a killer CV and land your dream job. It takes an employer just seven seconds to save or reject a job applicant's CV. In this book, James Reed – chairman of REED, Britain's largest recruitment company – offers invaluable and specific advice on what employers want to see in the CVs they receive and how you can stand out from the crowd. Unlike other career development books, the honest advice presented here has been compiled from one-to-one interviews, surveys and countrywide workshops across REED's network of recruitment consultants. This book is an accessible and enjoyable read, intensely practical and packed with pull-out quotes, layout examples and tips. Find out what future employers are looking for and take the first step to start loving Mondays again.
