Taehyung's always been a little on the dramatic side. The other day, he came storming into the studio, declaring the end of the world because his favorite ice cream flavor was sold out at the convenience store near their dorm. "Chemistry is killing me, and I'm hungry! Let's go eat something." he whines.

"Jessica Scott is an exciting new voice in romantic fiction who bursts upon the scene with an unputdownable debut novel!" --Robyn Carr, New York Times bestselling author on *Because of You* She plays by the rules . . . Captain Ben Teague is many things: a tough soldier, a loyal friend, and a bona fide smart-ass. He doesn't have much tolerance for BS, which is why he's mad as hell when a trusted colleague and mentor is brought up on charges that can't possibly be true. He's even more frustrated with by-the-book lawyer Major Olivia Hale. But there's something simmering beneath her icy reserve--and Ben just can't resist turning up the heat and he's determined to break them The only thing riskier than mixing business with pleasure is enjoying it . . . and Olivia can't resist locking horns--and lips--with Ben. He's got more compassion in his little finger than any commander she's ever met, a fact that makes him a better leader than he realizes. But when the case that brought them together awakens demons from Olivia's past, she will have to choose between following orders--or her heart . . .

A sweeping, second chance standalone romance! I was pretty good at living without regrets until a way too close call during a skydive. Instead of my life flashing before my eyes, I saw one face, one regret that's been gnawing at me ever since Presley. The woman I loved madly ten years ago. The woman I had to walk away from. At first, all I want is to sort out why I can't get her out of my head. But as soon as I see Presley again, I know I have to win her back at any cost. Brilliant, captivating and utterly beautiful, she's the one I want. Fate steps in when we're asked to pair up to find a treasure in art and antiques. It's an opportunity I can't pass up to uncover a path back to the woman I let get away while we chase down a love story a hundred years in the making. Trouble is, Presley is tougher now, more wary, and she's been hurt. By me. So it's going to take a whole lot more than one hot kiss and a wild adventure together to convince her to give me a second chance.

They just crossed the line Newly minted Dr. Lovely Love Washington plans to devote her medical career to helping women. But her own happy ending eludes her. Then one morning she wakes up in a Vegas hotel under the sheets with the very familiar and extremely charming Dr. Drake Jackson. The longtime best friends didn't only become overnight lovers. They got married, even if neither remembers tying the knot. And Love is tormented by sizzling memories of the passion-filled night they shared. Matters of the heart have always fascinated Drake. Now the aspiring cardiothoracic surgeon and in-demand playboy must confront his growing feelings for his oldest, most alluring, off-limits friend. Amid a disastrous family reunion and the unwanted attention of Love's persistent ex-boyfriend, the newlyweds are digging themselves deeper into a deception that has to end. Or does it? Has Drake finally found what's been right in front of him all along the true Love of his life?

A book filled with poems of falling in and out of love. Learning to love someone and losing them. Having the hope they will love you again someday. Feeling all of the passion of finally loving one person that you know it the one.

Kaesah, a geneticist from an all female species living on the other side of the galaxy, is stranded on Earth due to the death of her mate who was vital in piloting their starship. Kaesah must report the disturbing events on Earth that could impact the survival of her species. To reach her world, Kaesah has no choice but to find a human woman capable of Deep Merge, a process required to guide her ship through the galaxy. Can Kaesah overcome her aversion to humans to form a harmonious bond with one? Antonia Lorne, Toni, is mourning the death of her spouse. Retiring to bed one night on the promise to herself to start living again, Toni has no idea that she will awaken on a starship with a new course for her life charted. Can she overcome her fear of the unknown to perform Deep Merge? Two women, from different worlds, will join together in a profound and unique way that will herald the start of a new path for their planets and a promising future for themselves.

CANADA READS 2020 WINNER NATIONAL BESTSELLER 2020 LAMBDA LITERARY AWARD WINNER How do you find yourself when the world tells you that you don't exist? Samra Habib has spent most of her life searching for the safety to be herself. As an Ahmadi Muslim growing up in Pakistan, she faced regular threats from Islamic extremists who believed the small, dynamic sect to be blasphemous. From her parents, she internalized the lesson that revealing her identity could put her in grave danger. When her family came to Canada as refugees, Samra encountered a whole new host of challenges: bullies, racism, the threat of poverty, and an arranged marriage. Backed into a corner, her need for a safe space--in which to grow and nurture her creative, feminist spirit--became dire. The men in her life wanted to police her,

the women in her life had only shown her the example of pious obedience, and her body was a problem to be solved. So begins an exploration of faith, art, love, and queer sexuality, a journey that takes her to the far reaches of the globe to uncover a truth that was within her all along. A triumphant memoir of forgiveness and family, both chosen and not, *We Have Always Been Here* is a rallying cry for anyone who has ever felt out of place and a testament to the power of fearlessly inhabiting one's truest self.

It should be an easy rule to follow - don't bang your boss... But I didn't know who he was when I met him. And the first time I saw him, our connection sounded like the stuff of romantic legends -- that whole "their eyes locked across a crowded room" moment that turned into more. I didn't believe it. . . . until it happened to me. Fine, the charming, clever, sexy-as-sin guy in the tailored suit was only trying to buy the same Snoopy lunchbox (as a gift!), but still, our eyes totally locked, and my lady parts definitely tingled as we vied for the prize. Naturally, I did what any badass business woman would do. Negotiated for the lunchbox, then found my what-if guy online and made plans to see him the next night. One night only -- that was the deal we made. But one fantastic night had us both changing our minds in the morning. And making plans for another. Until I walked into the office to learn he just bought my company. And here's the biggest rule of romantic legends -- no matter what, don't bang your boss. Especially if you're already falling for him. *THE WHAT IF GUY* is a sexy standalone you can escape into! The other standalone romances in *The Guys Who Got Away* series include *Dear Sexy Ex Boyfriend* and *Thanks For Last Night, with A Guy Walks Into My Bar* as an MM standalone spin-off!

Jena Barrett loves her perfect life. She has the best job in the world, a great place to live, and a best friend that she adores. The only hiccup is this wedding planner's love life! However, when her sister Ellie suggests a remedy for Jena's lack of significant other, the notion is so insane, it flips Jena's universe off-kilter. Brandon has always been the steady fixture in Jena's life, her best friend. Even when he joined the Army out of high school, they never lost touch, picking up as though he never left the moment he returned. Now a local veterinarian, Brandon is the perfect man candy with his successful career, amazing personality, and a face and body no woman would kick out of bed--only he never dates. Not that she's ever questioned why, at least not until now. Could Ellie be right? Could he possibly be in love with her? If so, could Jena ever love him in the same way? The risk is huge. If everything blows up in her face, she could lose her best friend. But what if the train wreck doesn't happen? What if Brandon is her missing piece, her happy ever after?

Once She Slipped Through His Fingers. . . Aidan York has spent ten years mourning the woman he once loved and lost. He's filled the void in the only way he knows--by distracting himself with wild behavior and scandalous trysts. It's a hollow existence, but it dulls the pain. Until the day he encounters a ghost: the woman he thought drowned at sea, alive and as enchanting as ever. . . *Now He'll Keep Her In His Arms*. . . When Kate Hamilton sees the man she once hoped to spend her life with, she is hit with a storm of memories and longing. But though resisting Aidan's passion proves impossible, Kate must try not to love him all over again. For her seemingly quiet London life shields a dangerous secret, one that will catch up to her the moment she lets herself fall. . . Praise for *A Little Bit Wild* "The classic *Beauty and the Beast* tale is twisted into something new. . . funny and unlike the others." *Publishers Weekly* "A sharp and sassy romance, with a unique blend of an original, quick story and romantic characters." --RT Book Reviews
