Kat really sets the novel up well with the prologue and the first couple of chapters. She drew me right in, wanting to know more, wanting to find out what Caitlyn and Spencer's story was.

The scoring rings on ASA targets are worth 12, 10, 8 and 5 points. Another ring scores 14 points, but only during shoot-downs. It's about the size of a half-dollar coin, and it's at the edge of the 8-point ring near the 5-point ring, which offers archers a huge risk-reward decision. If they miss the 14 ring, the best they can score is 8 points.
