We are born with purity of flowers, we fall in love with out dreams, life teaches us what majestic universities have failed to show us, therefore we become the sun that lights up the universes with love, peace and knowledge, free you captivated soul within you to become a shining sun.

Synopsis Trying to escape from a love triangle, the French writer, Lea, is caught in the heart of the mountains, during a snowstorm, inside of a surreal guest house. _____ “ A literary delight! A dream of winter, a spark of night magic in full day realism, a necessary avalanche, because sometimes we need something dramatic to wake up and realize who we can be and what are the ideals we forgot. Natasha ' s Alina Culea hypersensitivity is able to track the progression of the imperceptible creep of the atmosphere caused by the struggles of a butterfly wing to its cumulative effect, the final tornado of Theory of Chaos. In his recent vivisection, “ Dreams never sleep ” , the correlations of the soul with the Universe vibrate in the most carnal incarnation of assumed femininity. Finally, all you have to do is ask yourself: Did I wake up from my dream or does the dream start now? ” analogiantologii.com &literaturapetocuri.ro

Beneath the smog, blood and deceit razed the renewing fires of a singing beast. “ When the Phoenix, an ancient world power, rises again. ” Brilliant was its fiery plumage, it rose from the ashes of a memory- sined charcoal and forlorn embers flew into the hands of a young orphan, a girl whose blazing eyes would turn to the sky with an unspoken promise. And in the serpentine shadows, hides a killer. A misunderstood criminal painted crimson with the blood of a thousand-year curse that even he cannot decipher till his life molds with one other soul un-killable by his code. One, a lost lass attempting to exhume her acrid past from the clutches of ever-burning ashes, and the other, a gilded man of golden riches, corroded upon the loss of a soul, his unsoiled blade singing an age-old song of gluttonous revenge that none can halt. Primordial magic and sheer determination called forth heroes; a lost killer, a vengeful dreamer, and a reborn orphan. These souls converge under the call of help from the Earth itself against an invader, a dark shadow that envelops and devours without mercy. Over the

horizon loomed darkness, a cloud far too wicked and volatile that spews tears, freezing and venomous upon those who cross his thorned path. Regardless of the faction, evil or good, each soul embodies within them a wish. Hope for a future, so bright, that it rivals the plume of the ancient Phoenix. Albeit, which wish will shine the brightest?

Every musical form has had an impact on the linguistic practices of our society. French song is a vector of cultural, social, and stylistic values. Throughout the world, songs in the French language are used in the teaching of French: professors incorporate songs into the curriculum in order to illustrate differences of register and linguistic variation, as well as to raise lexical or grammatical questions. As a form of popular expression, song is a genre that has, in recent years, become the focus of serious academic scholarship and criticism. However, few linguists have paid attention to French song and its linguistic uses. This richly illustrated mini-dictionary about French singers fills this gap by offering a collection of portraits of the greatest singers of the French language and how they have constructed the musical landscape in both France and the larger francophone community and the world as a whole. Through (re)discovering these classic and contemporary artists who contribute to the creation of the sonorous universe of the 20th and 21st centuries, the volume determines how these musical genres influence the French language and nourish our collective imagination. By plunging into francophone song, one can achieve a better understanding of the culture and the language of its speakers.

Pour ce quatrième roman, Yann Moix a choisi d'explorer une époque, la nôtre, où la question n'est plus, comme au temps de Hamlet, « Etre ou ne pas être », mais : « être célèbre ou ne pas l'être ». Oui, la célébrité, le désir de célébrité sont bien, avec leurs conséquences : « qui suis-je ? », ou « n'aurais-je pas intérêt à être un autre ? » - les vrais sujets de ce roman insensé. L'histoire ? C'est celle d'un pauvre gars, Bernard Frédérique, qui décide d'être célèbre en devenant un sosie de Claude François. Avec son imprésario, un certain Couscous, et avec sa troupe de « Bernadettes », il va ainsi vivre son « identité de sosie ». Cloclo est son dieu - pourquoi n'en serait-il pas, lui, le prophète ? On pénètre alors dans l'univers minable et touchant des fans, des mystiques d'Alexandrie, Alexandra, des intégristes de Comme d'habitude, des paumés qui n'en finissent pas de revivre la « geste claudienne », avec ses vestes frangées et ses pantalons patte-d'éph Dans ce monde bizarre - où l'on croise des sosies de Sardou, de Johnny, d'Elvis, etc - personne ne sait, au fond, qui il est. On usurpe une identité pour exister un peu, entre des concerts à Euromarché et des virées sordides sur un parking d'autoroute... Yann Moix joue ici sur tous les registres : drôlerie (son héros invente une véritable langue hilarante), mélancolie (que sont nos années yé-yé devenues ?), érudition (Moix n'a pas son pareil pour évoquer tel concert live ou la biographie d'un guitariste de troisième ordre) et même religion (après tout, Cloclo est un dieu, son sosie se vit comme un Christ, et son imprésario, Couscous, ressemble à Saint Jean-Baptiste). On aura compris que, derrière cette fable de clones, de cloclones, Yann Moix raconte drôlement une histoire bien sérieuse...
