The Roman armies are conquering Britain: they have destroyed the Druid sanctuaries and savagely crushed Boudicca's revolt. In these desperate days, knowing his own death is imminent, the last Archdruid of Ynys Mon engenders a son. The boy's mission: to defeat the Roman invaders and preserve his father's heritage. But can he possibly survive long enough to achieve his goal?

Women Making Shakespeare presents a series of 20-25 short essays that draw on a variety of resources, including interviews with directors, actors, and other performance practitioners, to explore the place (or constitutive absence) of women in the Shakespearean text and in the history of Shakespearean reception - the many ways women, working individually

or in communities, have shaped and transformed the reception, performance, and teaching of Shakespeare from the 17th century to the present. The book highlights the essential role Shakespeare's texts have played in the historical development of feminism. Rather than a traditional collection of essays, *Women Making Shakespeare* brings together materials from diverse resources and uses diverse research methods to create something new and transformative. Among the many women's interactions with Shakespeare to be considered are acting (whether on the professional stage, in film, on lecture tours, or in staged readings), editing, teaching, academic writing, and recycling through adaptations and appropriations (film, novels, poems, plays, visual arts).

Lancelot, the greatest Knight of Camelot, is almost flogged to death, exiled, and stripped of the King's grace. He travels from England to Europe to begin a lonely, desperate life when he meets someone who will alter his perspective forever. Suddenly, he is trapped into a fate which forces his return to England where he must fight to regain his honor and his King's life.

THE OVERLOOK sees Harry Bosch plunged into the dangerous world of international terrorism. When a physicist is murdered in LA it seems the killer has no fear of publicity, leaving the body on The Mulholland overlook, a site with a

stunning view over the city. And when it's discovered that the victim turned over a quantity of a lethal chemical to his killer before he died, Harry knows he has more than just a single death to worry about. Alongside the forces of Homeland Security, Harry realizes he must solve the murder or face unimaginable consequences. In *NINE DRAGONS*, the shooting of a Chinese liquor store owner in LA brings Harry Bosch back to the Rodney King riots and the moment a stranger gave a young cop sanctuary. Now, the debt must be repaid, and Harry soon discovers the old man's death was no ordinary holdup. Homing in on clues disregarded by the cops on the scene, Harry builds a picture of corruption and intimidation, with the local Triads at the heart of it. But as he tries to build a case and breach the impenetrable wall of silence in the local community, he finds he

is taking a dragon by the tail - a dragon whose talons reach well beyond LA, and even the States. Suddenly the most precious thing in Harry's life is under threat, and he will need to leave the familiarity of his home turf, alone and without backup, if he is going to stop his worst nightmare from happening. Harry Bosch is facing the end of the line in THE DROP. He's been put on the Deferred Retirement Option Plan - and given three years before his retirement is enforced. Seeing the end of the mission coming, he's anxious for cases. He doesn't have to wait long. First a cold case gets a DNA hit for a rape and murder which points the finger at a 29-year-old convicted rapist who was only eight at the time of the murder. Then a city councilman's son is found dead - fallen or pushed from a hotel window - and he insists on Bosch taking the case despite the two men's history of enmity.

The cases are unrelated but they twist around each other like the double helix of a DNA strand. One leads to the discovery of a killer operating in the city for as many as three decades; the other to a deep political conspiracy that reached back into the dark history of the police department.
