economy generated by the first oil crisis in the 1970s and competition for sales from the BMW 3 Series. Many doubted that Mercedes could deliver a compact car whilst retaining their traditional qualities. But the W201 soon won them over. For here was a car that was a real Mercedes in the tradition of the time - it was just smaller. With around 200 photographs, the book features the reasons behind the need to build a new compact saloon in the 1980s. It covers the styling, engineering and specification changes introduced over the lifetime of the model; gives full technical specifications, including paint and interior trim choices and production tables and vehicle number sequences. The story of Mercedes' long and exciting struggle to win the German Touring Car Championship with the 190 is covered. There is a chapter on the special US variants and, finally, a chapter on buying

dirty clothes at it (but never walks over and picks them up and puts them in), or the balled-up tissues he leaves on the bedside table when he has a cold, or the way he never completely empties the dishwasher, but leaves the 'difficult' things for her to put away. Is it that because she is 'only working part-time' she is responsible for everything on the domestic front? Or is it, simply, that he puts used teabags in the sink? Mary is the mother of two young boys - she knows how you're supposed to get the behaviour you want. So now she's designing the spousal equivalent of a star chart. Every little thing her husband does wrong is going on it. And yes, she know you're supposed to reward the good behaviour rather than punish the bad, but obviously the rules for those in middle age are different than the rules for those not even in middle school...
