Analyzing the new technology of Smartphones in great detail, this guide discusses relevant reference solutions, the role of middleware on related operating systems, and how cell phone vendors consequently confront this growing challenge. A very detailed and cogent perspective on the world of Smartphones, the report examines its vast feature sets, reveals its impact on other leading technologies and companies, and supplies extensive case studies on how Smartphones enhance user productivity and encourage deployment of user applications.

This book constitutes the refereed proceedings of the 10th International Conference on Asian Digital Libraries, ICADL 2007, held in Hanoi, Vietnam, in December 2007. The 41 revised full papers, 15 revised short papers, and extended abstracts of 10 poster papers presented together with three keynote and three invited papers were carefully reviewed and selected from a total of 154 submissions. The papers are organized in topical sections.

A guide to the online auction house explains how to navigate the eBay Web site, advertise items, place online bets, evaluate buyers and sellers, offer customer services, and build a profitable e-commerce business.

Implement the same principles that shaped Apple's approach to design Apple sees design as a tool for creating beautiful experiences that convey a point of view down to the smallest detail-- from the tactile feedback of keyboard to the out-of-the-box experience of an iPhone package. And all of these capabilities are founded in a deep and rich embrace of what it means to be a designer. Design Like Apple uncovers the lessons from Apple's unique approach to product creation, manufacturing, delivery, and customer experience. Offers behind-the-scenes stories from current and recent Apple insiders Draws on case studies from other companies that have mastered the creative application of design to create outrageous business results Delivers how-to lessons across design, marketing, and business strategy Bridging creativity and commerce, this book will show you to how to truly Design Like Apple.
