~~689 Cool and Unusual Things to Do in New...~~—Atlas Obscura

A camera obscura (plural camerae obscurae or camera obscuras, from Latin camera obsc ra, " dark chamber ") is a darkened room with a small hole or lens at one side through which an image is projected onto the wall opposite the hole.. The term "camera obscura" can also refer to analogous constructions such as a box or tent in which an image of the outside is projected inside.

~~Obscure | Definition of Obscure at Dictionary.com~~

Camera obscura, ancestor of the photographic camera. The Latin name means " dark chamber, " and the earliest versions, dating to antiquity, consisted of small darkened rooms with light admitted through a single tiny hole. The result was that an inverted image of the outside scene was cast on the opposite wall, which was usually whitened.

It's time to get off the beaten path. Inspiring equal parts wonder and wanderlust, Atlas Obscura celebrates over 700 of the strangest and most curious places in the world. Talk about a bucket list: here are natural wonders—the dazzling glowworm caves in New Zealand, or a baobob tree in South Africa that's so large it has a pub inside where 15 people can drink comfortably. Architectural marvels, including the M.C. Escher-like stepwells in India. Mind-boggling events, like the Baby Jumping Festival in Spain, where men dressed as devils literally vault over rows of squirming infants. Not to mention the Great Stalacpipe Organ in Virginia, Turkmenistan's 40-year hole of fire called the Gates of Hell, a graveyard for decommissioned ships on the coast of Bangladesh, eccentric bone museums in Italy, or a weather-forecasting invention that was powered by leeches, still on display in Devon, England. Created by Joshua Foer, Dylan Thuras and Ella Morton, ATLAS OBSCURA revels in the weird, the unexpected, the overlooked, the hidden and the mysterious. Every page expands our sense of how strange and marvelous the world really is. And with its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, it is a book to enter anywhere, and will be as appealing to the armchair traveler as the die-hard adventurer. Anyone can be a tourist. ATLAS OBSCURA is for the explorer.

With wonder and a sense of humor, Nature Obscura author Kelly Brenner aims to help us rediscover our connection to the natural world that is just outside our front door--we just need to know where to look. Through explorations of a rich and varied urban landscape, Brenner reveals the complex micro-habitats and surprising nature found in the middle of a city. In her hometown of Seattle, which has plowed down hills, cut through the land to connect fresh- and saltwater, and paved over much of the rest, she exposes a diverse range of strange and unknown creatures. From shore to wetland, forest to neighborhood park, and graveyard to backyard, Brenner uncovers how our land alterations have impacted nature, for good and bad, through the wildlife and plants that live alongside us, often unseen. These stories meld together, in the same way our ecosystems, species, and human history are interconnected across the urban environment.

A New York Times, USA Today, and national indie bestseller. A Feast of Wonder! Created by the ever-curious minds behind Atlas Obscura, this breathtaking guide transforms our sense of what people around the world eat and drink. Covering all seven continents, Gastro Obscura serves up a loaded plate of incredible ingredients, food adventures, and edible wonders. Ready for a beer made from fog in Chile? Sardinia 's " Threads of God " pasta? Egypt ' s 2000-year-old egg ovens? But far more than a menu of curious minds delicacies and unexpected dishes, Gastro Obscura reveals food ' s central place in our lives as well as our bellies, touching on history— trace the network of ancient Roman fish sauce factories. Culture— picture four million women gathering to make rice pudding. Travel— scale China ' s sacred Mount Hua to reach a tea house. Festivals— feed wild macaques pyramid of fruit at Thailand ' s Monkey Buffet Festival. And hidden gems that might be right around the corner, like the vending machine in Texas dispensing full sized pecan pies. Dig in and feed your sense of wonder. " Like a great tapas meal, Gastro Obscura is deep yet snackable, and full of surprises. This is the book for anyone interested in eating, adventure and the human condition. " — Tom Colicchio, chef and activist " This exquisite guide kept me at the breakfast table until dinner time. " — Kyle MacLachlan, actor and vintner

Discover wonder. " A wanderlust-whetting cabinet of curiosities on paper. " — New York Times Inspiring equal parts wonder and wanderlust, Atlas Obscura is a phenomenon of a travel book that shot to the top of bestseller lists when it was first published and changed the way we think about the world, expanding our sense of how strange and marvelous it really is. This second edition takes readers to even more curious and unusual destinations, with more than 100 new places, dozens and dozens of new photographs, and two very special features: twelve city guides, covering Berlin, Budapest, Buenos Aires, Cairo, London, Los Angeles, Mexico City, Moscow, New York City, Paris, Shanghai, and Tokyo. Plus a foldout map with a dream itinerary for the ultimate around-the-world road trip. More a cabinet of curiosities than traditional guidebook, Atlas Obscura revels in the unexpected, the overlooked, the bizarre, and the mysterious. Here are natural wonders, like the dazzling glowworm caves in New Zealand, or a baobob tree in South Africa so large it has a pub inside where 15 people can sit and drink comfortably. Architectural marvels, including the M. C. Escher— like stepwells in India. Mind-boggling events, like the Baby-Jumping Festival in Spain—and no, it ' s not the babies doing the jumping, but masked men dressed as devils who vault over rows of squirming infants. Every page gets to the very core of why humans want to travel in the first place: to be delighted and disoriented, uprooted from the familiar and amazed by the new. With its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, and new city guides, it is a book you can open anywhere and be transported. But proceed with caution: It ' s almost impossible not to turn to the next entry, and the next, and the next.

Let your curiosity be your compass! Created by the same brilliant, intrepid team who wrote Atlas Obscura and reinvented the travel book for a new generation, comes a traveler ' s journal that belongs in every backpack, carry-on, messenger bag—or, when not abroad, on the desk, open for keeping notes for the next journey. This ruggedly handsome and sturdy blank journal features a storage pocket in the back (just right for ticket stubs, receipts, boarding passes, and more). The paper is high quality and printed with a variety of lines and grids, perfect for keeping track of itineraries, writing down impressions, making lists, sketching maps and sites, noting discoveries, and more. In addition, the journal includes practical reference, like time zones, weights and measures, and seasonal climate charts. And there ' s an appendix of inspiration—a brief guide, with maps, to finding the hidden magic in a dozen of the world ' s most interesting cities, New York to Shanghai to Budapest to Tokyo to Cairo. Don ' t get off the beaten track without it.

From the deepest depths of punk rock's 1970s primordial wastelands, through the stygian goth swamps of the 1980s, and on into the bloodstained arenas of 1990s heavy metal, Eerie Von witnessed it all. Beginning as the unofficial photographer for punk legends The Misfits and later taking charge of the bass guitar as a founding member of underground pioneers Samhain and metal gods Danzig, the evil eye of Eerie Von's camera captured the dark heart of rock's most vital and bleeding-edge period, a time when rock and roll was not only dangerous, but downright menacing. Eerie Von's lens has documented everything from The Misfits' humble beginnings in Lodi, New Jersey, to the heights of Danzig's stadium-rock glory alongside metal superstars Metallica. As well as an essential visual document of music history, Eerie's road stories of triumph and damnation bring to life an era the likes of which will never again be seen.

A scientific journey to the center of the new female body. The Latin term for the female genitalia, pudendum, means “ parts for which you should be ashamed. ” Until 1651, ovaries were called female testicles. The fallopian tubes are named for a man. Named, claimed, and shamed: Welcome to the story of the female body, as penned by men. Today, a new generation of (mostly) women scientists is finally redrawing the map. With modern tools and fresh perspectives, they ’ re looking at the organs traditionally bound up in reproduction—the uterus, ovaries, vagina—and seeing within them a new biology of change and resilience. Through their eyes, journalist Rachel E. Gross takes readers on an anatomical odyssey to the center of this new world—a world where the uterus regrows itself, ovaries pump out fresh eggs, and the clitoris pulses beneath the surface like a shimmering pyramid of nerves. Full of wit and wonder, Vagina Obscura is a celebratory testament to how the landscape of knowledge can be rewritten to better serve everyone.
