"An elegant and amusing account" of how gambling has been reshaped by the application of science and revealed the truth behind a lucky bet (Wall Street Journal). For the past 500 years, gamblers-led by mathematicians and scientists-have been trying to figure out how to pull the rug out from under Lady Luck. In *The Perfect Bet*, mathematician and award-winning writer Adam Kucharski tells the astonishing story of how the experts have succeeded, revolutionizing

mathematics and science in the process. The house can seem unbeatable. Kucharski shows us just why it isn't. Even better, he demonstrates how the search for the perfect bet has been crucial for the scientific pursuit of a better world.

\*Simply the best analytical 2019 football preview you can buy\* Welcome to previewing the NFL through a lens you've never witnessed before. Warren Sharp's 259-page full color 2019 Football Preview is unlike anything you have seen before. Stunning visualizations built with the reader in mind and innovative, next level thought process abound in every team chapter and article. This book shares insights into the players, coaches, teams and philosophies with one goal in mind: to get you prepared for the 2019 season by delivering

the smartest information in the fastest, most direct way possible for optimal reviewing and retention. "There are so many preseason NFL previews available that offer fans insight into the season, however, few dig as deep as Warren's, with a unique view of what really matters during the season. Sharp's detailed approach is a must read for any football fan--and it's one of my main summer reads."- Michael Lombardi, 3-time Super Bowl Champion, working with Bill Belichick, Bill Walsh & Al Davis "Warren's preview exemplifies the use of analytics and information in a way that should be interesting to any fan. It is more in depth than many teams in the NFL are using today. Every GM and coach would serve themselves well to read the analysis of their team. They would both learn something and immediately appreciate the

benefit of the information. No one presents it better, and breaks down what it means better than Warren."- Joe Banner, Longtime Philadelphia Eagles President "This book breaks down each team by every category imaginable and describes exactly what they did in every situation. If you coach any level of football, from youth to the NFL, you will assuredly receive valuable information. You won't want to put it down."- Kevin Kelley, Head Football Coach & 7-time State Champion at Pulaski Academy Every key element you would want to study is included, such as Fantasy Football (player profiles, ranks & visualizations), Vegas Odds (forecast team wins, division rankings, lines for all 2018 games), Coaching (strategic advice for teams, real vs optimal play calling analysis & uncovering team tendencies) and Front Office Analysis

(positional spending, roster construction & cap analysis). Team chapters are detailed and intelligently organized for a massive revolution in reader understanding and information retention. Features embedded audio and video. Warren believes the best way to be successful in fantasy football or betting is to do the opposite of most other publications. There is an industry rush to dive head first into player rankings & projections. Warren starts with fundamental discussion of the game, the teams, their coaching strategy and the players. He then analyzes their strengths and weaknesses with visualizations and data to support the narrative. Using that framework, Warren constructs projections and outlook. By previewing the NFL season in this manner, the reader walks away with much more than ever envisioned or delivered in a

season preview. Find out why pro bettors, linemakers and pro-DFS players view this season preview as indispensable. It's a must have if you want to bet on the 2019 Pro Football season. This preview incredibly combines evergreen philosophical "football" analysis you would find in a reference book with immediate, relevant predictions for the 2019 season. "Warren's dedication and acumen for analyzing football is clearly evident. This book is completely unlike anything I've read in a preview before. His ability to approach the game logically, analytically and in a predictive manner sets him apart from the crowd. I have no doubt after reading this preview you will be far more prepared for your fantasy drafts and just football in general. If you're a NFL fan of any kind, I cannot recommend this preview enough."Evan Silva

This is a book about a gambling system that works. It tells the story of how the author used computer simulations and mathematical modeling techniques to predict the outcome of jai-alai matches and bet on them successfully - increasing his initial stake by over 500% in one year! His results can work for anyone: at the end of the book he tells the best way to watch jai-alai, and how to bet on it. With humour and enthusiasm, Skiena details a life-long fascination with computer predictions and sporting events. Along the way, he discusses other gambling systems, both successful and unsuccessful, for such games as lotto, roulette, blackjack, and the stock market. Indeed, he shows how his jai-alai system functions just like a miniature stock trading system.
