For fans of My Ideal Bookshelf and Bibliophiles, The Call Me Ishmael Phone Book is the perfect gift for book lovers everywhere: a quirky and entertaining interactive guide to reading, featuring voicemail, literary Easter eggs, checklists, and more, from the creators of the popular multimedia project. The Call Me Ishmael Phone Book is an interactive illustrated homage to the beautiful ways in which books bring meaning to our lives and how our lives bring meaning to books. Carefully crafted in the style of a retro telephone directory, this guide offers you a variety of unique ways to connect with readers, writers, bookhops, and life-changing stories. In it, you ’ ll discover... -Heartfelt, anonymous voicemail messages and transcripts from real-life readers sharing unforgettable stories about their most beloved books. You ’ ll hear how a mother and daughter formed a bond over their love for Erin Morgenstern ’ s The Night Circus, or how a reader finally felt represented after reading Gene Luen Yang ’ s American Born Chinese, or how two friends performed Mary Oliver ’ s Thirst to a grove of trees, or how Anne Frank inspired a young writer to continue journaling. -Hidden references inside fictional literary adverts like Ahab ’ s Whale Tours and Miss Ophelia ’ s Psychic Readings, and real-life literary landmarks like Maya Angelou City Park and the Edgar Allan Poe House & Mussum. -Lists of bookstore across the USA, state by state, plus interviews with the book lovers who run them. -Various invitations to become a part of this book by calling and leaving a bookish voicemail of your own. -And more! Quirky, nostalgic, and full of heart, The Call Me Ishmael Phone Book is a love letter to the stories that change us, connect us, and make us human.

Read Ammon Shea’s blogs and other content on the Penguin Community. A surprising, lively, and rich history of that ubiquitous doorstep that most of us take for granted. Ammon Shea is not your typical thirtysomething book enthusiast. After reading the Oxford English Dictionary from cover to cover (and living to write about it in Reading the OED), what classic, familiar, but little-read book would he turn to next? Yes, the phone book. With his signature combination of humor, curiosity, and passion for combing the dustbins of history, Shea offers readers a guided tour into the surprising, strange, and often hilarious history of the humble phone book. From the first printed version in 1878 (it had fifty listings and no numbers) to the phone book’s role in presidential elections, Supreme Court rulings, Senate filibusters, abstract art, subversive poetry, circus sideshows, criminal investigations, mental-health diagnoses, and much more, this surprising volume reveals a rich and colorful story that has never been told-untill now.

An obsessive word lover’s account of reading the entire Oxford English Dictionary, hailed as “the Super Size Me of lexicography.” “I’m reading the OED so you don’t have to,” says Ammon Shea on his slightly masochistic journey to scale the word lover’s Mount Everest: the Oxford English Dictionary. In 26 chapters filled with sharp wit, sheer delight, and a documentarian’s keen eye, Shea shares his year inside the OED, delivering a hair-pulling, eye-crossing account of reading every word.

Over just a decade in India, the mobile phone was transformed from a rare, unwieldy instrument to a palm-sized staple that even poor fisherman can afford. Assa Doron and Robin Jeffrey investigate the social revolution ignited by what may be the most significant communications device in history and explore the whole ecosystem of cheap mobile phones.

The telephone marks the place of an absence. Affiliated with discontinuity, alarm, and silence, it raises fundamental questions about the constitution of self and other, the stability of location, systems of transfer, and the destination of speech. Profoundly changing our concept of long-distance, it is constantly transmitting effects of real and evocative power. To the extent that it always relates us to the absent other, the telephone, and the massive switchboard attending it, plugs into a hermeneutics of mourning. The Telephone Book, itself organized by a “telephonic logic,” fields calls from philosophy, history, literature, and psychoanalysis. It installs a switchboard that hooks up diverse types of knowledge while retuning and jamming the codes of the disciplines in daring ways. Avital Ronell has done nothing less than consider the impact of the telephone on modern thought. Her highly original, multifaceted inquiry into the nature of communication in a technological age will excite everyone who listens in. The book begins by calling close attention to the importance of the telephone in Nazi organization and propaganda, with special regard to the philosophy of Martin Heidegger. In the Third Reich the telephone became a weapon, a means of state surveillance, “an open accomplice to lies.” Heidegger, in Being and Time and elsewhere, elaborates on the significance of “the call.” In a tour de force response, Ronell mobilizes the history and terminology of the telephone to explicate his difficult philology. Ronell also speaks of the appearance of the telephone in the literary works of Duras, Joyce, Kafka, Rilke, and Strindberg. She examines its role in psychoanalysis—Freud said that the unconscious is structured like a telephone, and Jung and R. D. Laing saw it as a powerful new body part. She traces its historical development from Bell’s famous first call: “Watson, come here!” Thomas A. Watson, his assistant, who used to communicate with spirits; was eager to get the telephone to talk, and thus to link technology with phantoms and phantasms. In many ways a meditation on the technologically constituted state, The Telephone Book opens a new field, becoming the first political deconstruction of technology, state terrorism, and schizophrenia. And it offers a fresh reading of the American and European addiction to technology in which the telephone emerges as the crucial figure of this age.

Finalist for the 2020 Kirkus Prize for Nonfiction | One of Time Magazine’s 100 Must-Read Books of 2020 | Longlisted for the 2020 Porchlight Business Book Awards “An entertaining quest to trace the origins and implications of the names of the roads on which we reside.” —Sarah Vowell, The New York Times Book Review When most people think about street addresses, if they think of them at all, it is in their capacity to ensure that the postman can deliver mail or a traveler won ’ t get lost. But street addresses were not invented to help you find your way; they were created to find you. In many parts of the world, your address can reveal your race and class. In this wide-ranging and remarkable book, Deirdre Mask looks at the fate of streets named after Martin Luther King Jr., the wayfinding means of ancient Romans, and how Nazis haunt the streets of modern Germany. The flipside of having an address is not having one, and we also see what that means for millions of people today, including those who live in the slums of Kolkata and on the streets of London. Filled with fascinating people and histories, The Address Book illuminates the complex and sometimes hidden stories behind street names and their power to name, to hide, to decide who counts, who doesn ’ t—and why.

‘Absolutely breathtaking’ Christy Lefteri, Sunday Times bestselling author of The Beekeeper of Aleppo. We all have something to tell those we have lost ... On a windy hill in Japan, in a garden overlooking the sea stands a disused phone box. For years, people have travelled to visit the phone box, to pick up the receiver and speak into the wind: to pass their messages to loved ones no longer with us. When Yui loses her mother and daughter in the tsunami, she is plunged into despair and wonders how she will ever carry on. One day she hears of the phone box, and decides to make her own pilgrimage there, to speak once more to the people she loved the most. But when you have lost everything, the right words can be the hardest thing to find ... Then she meets Takeshi, a bereaved husband whose own daughter has stopped talking in the wake of their loss. What happens next will warm your heart, even when it feels as though it is breaking... The Phone Box at the Edge of the World is an unforgettable story of the depths of grief, the lightness of love and the human longing to keep the people who are no longer with us close to our hearts. Everyone is talking about The Phone Box at the Edge of the World ‘A moving and uplifting anatomisation of grief and the small miraculous moments that persuade people to start looking forward again’ Sunday Times ‘Strangely beautiful, uplifting and memorable, it’s a book to savour’ Choice, Book of the Month ‘A poignant, atmospheric novel dealing with love, coming to terms with loss and the restoration of one’s self’ Daily Mail ‘A story about the dogged survival of hope when all else is lost ... A striking haiku of the human heart’ The Times ‘Beautiful. A message of hope for anyone who is lost, frightened or grieving’ Claire Mackintosh, Sunday Times bestselling author of After the End ‘Incredibly moving. It will break your heart and soothe your soul’ Stacey Halls, Sunday Times bestselling author of The Familiars ‘Mesmerising ... beautiful ... a joy to read’ Joanna Glen, Costa shortlisted author of The Other Half of Augusta Hope ‘Spare and poetic, this beautiful book is both a small, quiet love story and a vast expansive meditation on grieving and loss’ Heat ‘A perfect poignant read’ Woman & Home

Be who you were born to be ... Marina Andersen ’ s structured life is ruled by the Three S ’ s: Swim. Study. Succeed. But all this routine and order leaves little time for what she really wants to do: SING. Try telling that to her overbearing father, a former rock legend whose personal demons keep Marina ’ s extraordinary musical talents behind closed doors. After a chance performance at school drops a once-in-a-lifetime opportunity—and a gorgeous young rocker—at Marina ’ s feet, she ’ ll have to decide what lengths she ’ s willing to go to in pursuit of the one thing that reminds her heart to beat. While navigating the rough seas of managing her father ’ s expectations and finding her own voice, will Marina summon the courage to show her dad who she really is inside before their family is dashed like a galleon in a storm? \* \* \* Brought to you by the hugely popular YouTube series, The Girl Without A Phone, from the Young Actors Project, in collaboration with YA novelist Jennifer Sommersby, Fish Out of Water is a timeless, heartwarming tale inspired by the beloved Little Mermaid. Join Marina—alongside friends Lily and Sierra—in this fresh new adventure meant to inspire the reader to find their own song.
