The Shape of Water is undoubtedly an odd story. I have yet to see the film, but the book really has a captivating sense of subtle creepiness as well as deep nostalgia at the same time. Often that which isn't understood is feared and hated, but for Elisa, who herself feels different due to her insignificant job and her inability to speak, she finds herself identifying with a strange new ...

It is 1962, and Elisa Esposito-mute her whole life, orphaned as a child-is struggling with her humdrum existence as a janitor working the graveyard shift at Baltimore's Occam Aerospace Research Center. Were it not for Zelda, a protective coworker, and Giles, her loving neighbor, she doesn't know how she'd make it through the day. Then, one fateful night, she sees something she was never meant to see, the Center's most sensitive asset ever: an amphibious man, captured in the Amazon, to be studied for Cold War advancements. The creature is terrifying but also magnificent, capable of language and of understanding emotions... and Elisa can't keep away. Using sign language, the two learn to communicate. Soon, affection turns into love, and the creature becomes Elisa's sole reason to live. But outside forces are pressing in. Richard Strickland, the obsessed soldier who tracked the asset through the Amazon, wants nothing more than to dissect it before the Russians get a chance to steal it. Elisa has no choice but to risk everything to save her beloved. With the help of Zelda and Giles, Elisa hatches a plan to break out the creature. But Strickland is on to them. And the Russians are, indeed, coming. Developed from the ground up as a bold two-tiered release-one story interpreted by two artists in the independent mediums of literature and film-The Shape of Water is unlike anything you've ever read or seen.

From Pulitzer Prize-winning author Paul Zindel comes this touching, humorous, and delightful play that earned wide recognition in its National Educational Television (NET) Network production. The action is set in the laboratory of the American Biological Association Development for the Advancement of Brain Analysis, where curious experiments involving various mammals are taking place. Helen, a newly engaged cleaning lady, is particularly drawn to a dolphin and is shocked when she learns that, having failed to "talk" as hoped for, it is slated for brain dissection. She makes a desperate attempt to rescue the dolphin from the scientists, incurring first their indignation and then, when the dolphin does indeed "talk" for Helen, their futile pleas that she change her mind about leaving and stay on to help them in their experiments. But the gentle Helen has had enough—both of "Custodial Engineering" and of schemes to change man's relationship to the other creatures with whom the world must be shared. Comedy/Drama One Act 5 women (or can be divided between men and women): 5 total Interior

Now back in print, Mrs. Caliban is "totally unforgettable" (The New York Times Book Review) and "something of a miracle" (The New Yorker) In the quiet suburbs, while Dorothy is doing chores and waiting for her husband to come home from work, not in the least anticipating romance, she hears a strange radio announcement about a monster who has just escaped from the Institute for Oceanographic Research... Reviewers have compared Rachel Ingalls's Mrs. Caliban to King Kong, Edgar Allan Poe's stories, the films of David Lynch, Beauty and the Beast, The Wizard of Oz, E.T., Richard Yates's domestic realism, B-horror movies, and the fairy tales of Angela Carter—how such a short novel could contain all of these disparate elements is a testament to its startling and singular charm.

The first English translation of the best-selling international mystery series follows Sicilian detective Inspector Montalbano as he investigates the suspicious death of an engineer who had made a name for himself in a small town. Reprint.

This work of fictional history weaves together the scant known facts and creates a woman of flesh and blood. This is her story, written by imagining what was real.
