Donald Kennedy. 3.97 · Rating details · 377 ratings · 52 reviews. The South Was Right!, the Kennedy brothers dispel many commonly held beliefs about the Civil War. Their well-researched arguments demonstrate the South's many legitimate complaints during the antebellum period, including unfair taxation and unequal constitutional rights.

book in its second printing after only three months. Ronald and Donald Kennedy have gotten to the root of post-Civil War dissent. Much of Civil War history is untrue because like most history, it is written by the victor.

The South was Right! - James Ronald Kennedy - Google Books

The South Was Right! By James Ronald Kennedy and Walter Donald Kennedy. History is written by the victor, and that of the American Civil War is no different. The idea that Southerners would die in order for only 6 percent of the population to own slaves just does not pass the "sniff" test.

The truth does have a way of coming out for those who seek, and if you have an honest appreciation for American history, this book is sure to be on your favorites list. It's a very well-documented record of why the South was right, and I think the writers have earned 5 stars for their persuasiveness alone.

The South Was Right! A New Edition for the 21st Century IN 1991, THE KENNEDY BROTHERS first published The South Was Right!, launching the modern movement of Southern awareness and activism. To date the first and second edition of this book has sold over 135,000 copies! Not for the faint of

Access Free The South Was Right James Ronald Kennedy

heart, *The South Was Right!* is an authoritative and well-documented study of the mythology behind "Civil War" history and its ongoing effects. In their new edition for a 21st century audience, the Kennedys have updated their message to provide guidance for the harsh conditions against liberty and even the survival of the South that face us in this time. ? ? ? ?
? Passages from the New Edition of *The South Was Right!*
"The central theme of this book is that the Northern majority used unconstitutional, illegal, and immoral methods to change the Original Constitutional Republic of Sovereign States into a centralized, supreme, federal government that is now (2020) controlled by an evil leftist shadow government." "Through aggressive war and post-war unconstitutional political acts, the Yankee Empire changed the nature of the government

Access Free The South Was Right James Ronald Kennedy

from a voluntary compact among sovereign states to an empire established by the Northern majority via the conquest of the numerical minority of the South." "After Reconstruction the South accepted its secondary place in the newly created Yankee Empire in exchange for nominal control of the puppet governments foisted upon the Southern States and agreed not to secede from the newly created "indivisible" nation. The Yankee Empire broke the bargain! The South is no longer "patriotically" required to remain loyal to the Yankee Empire...." "If Southerners continue to remain pacified subjects of a supreme federal government that is actively engaged in anti-South, cultural genocide, then the South will turn into another Detroit, Chicago, Zimbabwe or Venezuela...." "This book is a call to action to all people who

Access Free The South Was Right James Ronald Kennedy

love liberty and truth." "If the ruling elites in Washington reject the demands of the people for a government more respectful of our rights, then it will be faced with the prospect of the Southern people-as well as people in conservative "red counties" across America following the lead of Lithuania (1990) and England via Brexit (2016) as we demand the right of self-determination." If you love the South, you need this book!

In this hard-hitting political wake-up call, the authors demonstrate how modern Americans have been robbed of many freedoms promised to them by the founding fathers in the Constitution. Now the government's swollen bureaucracy threatens middle-class Americans through larcenous taxation,

Access Free The South Was Right James Ronald Kennedy

an inept ï politically-correctï educational system, and privacy-violating federal regulations. The Kennedys advocate restoring our Constitutional rights by strengthening each stateï s government.

In 1991 the Kennedy brothers published *The South Was Right!*, launching the modern movement of Southern awareness and activism. Their work has since sold 180,000 copies. In their new, 3rd edition for a 21st century audience, the Kennedys have updated their message to provide guidance for the harsh conditions against the liberty and even survival of the South that face us in this time. If you love the South, you need this book!

Blueprint for a "Liberty-Based Society." The present movement toward an all-powerful government is approaching exhaustion. Recognizing that special interests—both liberal and conservative—participating in the spoils of the system have failed to defend Americans' personal freedoms, James Ronald Kennedy has issued a call to action. By following these steps, modern Americans can establish a "Liberty-Based Society" and recapture a Jacksonian democracy in which everyone enjoys the rights and prosperity envisioned by our forefathers. Mr. Kennedy presents workable solutions, supported by our original Constitution, to combat runaway taxation, federal interference, welfare abuse, and other current societal ills. He offers historical evidence to support his conviction that all Americans will benefit, grow, and

Access Free The South Was Right James Ronald Kennedy

prosper in an audacious new society that encourages personal accountability, self-determinism, and individual ambition.

The civil rights movement in South Carolina has an epic and tumultuous history, beginning with the very first statewide meeting of the NAACP in 1939. With stories of sit-ins, movements and the integration of state universities, this is the first comprehensive history of South Carolina's civil rights struggles. And behind every achievement are the major legal rulings that protected them, interspersed with the familiar names of Thurgood Marshall, Matthew Perry, Ernest A. Finney and Judge Waties Waring. Join former South Carolina NAACP president and activist James L. Felder as he recounts

Access Free The South Was Right James Ronald Kennedy

the epic struggle African Americans have faced, from fighting for the right to vote to the desegregation of public spaces and all the efforts in between.

A life laminated by tragic experience does not seem to stop Taniqua from embarking on the arduous task of undoing past mistakes. Her life has been smeared with unprecedented circumstances in a purlieu that seems to shut the downtrodden in isolation even in a big city like Toronto. If you are like Taniqua, it would be easier to throw in the towel than to be combative in a situation that seems determined to keep her impoverished and friends that seemingly do not support her and who dont have the same optics. Yet the death of a child coupled with regrets couldnt prevent her from pursuing

Access Free The South Was Right James Ronald Kennedy

her dreams.

A roaring, rollicking, foot-stomping farce. Ketchup Soup is an epic, and at times ribald, comedy about the lovable James Reichardt, a verbose junior copywriter who's just landed his first job at a sleepy advertising agency in New Orleans. Part genius, part naive miscreant, James suffers from illusions of grandeur, not the least of which are the beliefs that business is the key to happiness and that he is Caesar reincarnated. In his first 364 days in the Big Easy he'll join forces with the many colorful characters of the city to bring down the ad agency, swear allegiance to art and lead a revolt against capitalism at the height of Mardi Gras. A tale that is both hilarious and heartfelt, Ketchup Soup is the side-splitting story

Access Free The South Was Right James Ronald Kennedy

of one young man's journey through the nonconformists and dank back alleys of New Orleans.

In the chaotic days following Abraham Lincoln's assassination, Washington and the world struggled to come to terms with the loss of the figure who symbolized America's Union. Best-selling author James Robertson brings readers back to 1865, exploring the critical years following the Civil War, and focusing on 75 key figures who would come to shape America during Reconstruction and beyond. We meet Edwin Stanton, the dour secretary of war who would attempt to seize political power amid the chaos of post-assassination Washington and avenge the Union with harsh punishments for Confederate president Jefferson Davis. We meet the "Old

Access Free The South Was Right James Ronald Kennedy

Soldiers" such as Winfield Scott, the general who was older than the city of Washington, D.C. when he took command of the Union Army in 1861, and William Tecumseh Sherman, an enigma of a man who would revolutionize modern warfare. And we meet the people whose lives marked shifts in everyday life in the United States, from Edwin Holmes, who would revolutionize the funeral industry, to Clara Barton, who would found the modern Red Cross. Together their stories tell the complex and fast-paced history of America as the country struggled to reunite and adapt to the inevitable changes wrought by war. The Greatest Generation of their day, the 75 figures in this book would forever change--and be changed by--the Civil War.

Access Free The South Was Right James Ronald Kennedy

Filled with fresh interpretations and information, puncturing old myths and challenging new ones, *Battle Cry of Freedom* will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the political, social, and military events that crowded the two decades from the outbreak of one war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such

Access Free The South Was Right James Ronald Kennedy

matters as the slavery expansion issue in the 1850s, the origins of the Republican Party, the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This "new birth of freedom," as Lincoln called it, constitutes the proudest legacy of America's bloodiest

Access Free The South Was Right James Ronald Kennedy

conflict. This authoritative volume makes sense of that vast and confusing "second American Revolution" we call the Civil War, a war that transformed a nation and expanded our heritage of liberty.

A mix of mystery and history, *Gourmet Ghosts* is a unique guide to more than 40 haunted bars and restaurants in Los Angeles. Including new and previously-unpublished stories, photographs and eyewitness accounts, this book also digs into the newspaper archives to find out if there's any truth to the tales - and offers tips on the best food, drink and Happy Hours. From Downtown to Hollywood and from West Hollywood to the Westside, you can find out which booth to choose if you want to dine with a ghost, read about ""The
