In The Weiser Concise Guide to Alchemy, Brian Cotnoir offers a detailed, stepbystep introduction of Alchemy that explores its mysteries while illustrating its use as a modern spiritual system of attainment. He provides an overview of the history of Alchemy, from the first meldings of Egyptian technology, through the Middle Ages--the golden age of alchemyright up to contemporary techniques. He demystifies the relationship between Alchemy and chemistry, and he provides evidence to detractors that Alchemy is much more than a medieval form of psychotherapy. (The guide includes practical laboratory experiments that safely, and intelligently, lead readers to an understanding of this ancient art and spiritual practice.) From the introduction: Brian describes this book as the one he wishes he had available when he began his lifelong study of Alchemy. I challenge any reader to find a more succinct and clear guide to this science and art. The Weiser Concise Guide to Alchemy is replete with actual exercises of the alchemical art such as: distillation and further processes to extract aqua vitae and the 'spirit of wine' the purification of salts through calcination, crystallization, and sublimation advanced processes for obtaining such alchemical precursors as Archaeus of Water, Oil of Tartar, and the Spirit of Wine of the Sages herbal work for obtaining spagyric tinctures, magistries, ens, and stones mineral work for obtaining the salts and oils of metals. The Weiser Concise Guide to Alchemy makes Alchemy a viable and valuable modality that can be used for understanding and working in concert with the energies of Nature for spiritual development, healing, and transformation.

A concise guide to the history, theory, and practice of alchemy (the " great work ")—the art of working with the energies of nature for spiritual development, healing, and transformation. Alchemy is a means of understanding and working in concert with the energies of nature for spiritual development, healing, and transformation. In this book, Brian Cotnoir offers a step-by-step introduction that explores alchemy ' s mysteries while illustrating its use as a modern spiritual system of attainment. He provides an overview of the history of alchemy, from the first meldings of Egyptian technology to the Middle Ages—the golden age of alchemy—to contemporary techniques. He demystifies the relationship between alchemy and chemistry, and provides evidence that alchemy is much more than a medieval form of psychotherapy. The guide also includes practical laboratory experiments that safely and intelligently lead readers to an understanding of this ancient art and spiritual practice. Provides step-by-step instruction for beginning a practice in alchemy Explains the theory underlying the art and science of alchemy and how it works Demystifies the relationship between alchemy and chemistry, while going well beyond the " psychological interpretation " advanced by nonscientists Introduces the practice of alchemy to students of the Western magical arts This book was previously published as The Weiser Concise Guide to Alchemy. This new edition includes a foreword by Robert Allen Bartlett, author of Real Alchemy.

A ground-breaking modern manual on an ancient art, Real Alchemy draws on both modern scientific technology and ancient methods. A laboratory scientist and chemist, Robert Allen Bartlett provides an overview of the history of alchemy, as well as an exploration of the theories behind the practice. Clean, clear, simple, and easy to read, Real Alchemy provides excellent directions regarding the production of plant products and transitions the reader-student into the basics of mineral work—what some consider the true domain of alchemy. New students to practical laboratory alchemy will enjoy reading Real Alchemy and hopefully find the encouragement needed to undertake their own alchemical journey. Bartlett also explains what the ancients really meant when they used the term " Philosopher ' s Stone " and describes several very real and practical methods for its achievement. Is the fabled Philosopher ' s Stone an elixir of long life or is it a method of transforming lead into gold? Judge for yourself.

Documentation of my own artwork from 2014-2015. I am a student currently studying within Fine Art sculpture. I focus on paper art and the idea of creating something visual, beginning from a small idea or shape and growing to form an abstract piece of artwork that plays with the fragility and solidity of materials.

Yoga today connotes many images and ideas -- from holy men on a high mountaintop to throngs of young women toting designer mats. Yoga, meaning 'union,' is actually a many-layered discipline designed to help an individual attain health, serenity, focus, and ultimately, union with the Divine. Aleister Crowley was one of the first Europeans to practice yoga and believed the practice was essential to spiritual growth, stating that 'Magick is a Pyramid built layer by layer. The work of the Body of Light -- with the technique of Yoga -- is the foundation of the whole.' This succinct and uniquely helpful book explores the frequently overlooked importance of bringing a healthy body and a clear-thinking mind to the practice of ceremonial magick or Wicca. While many books on magick discuss the importance of ritual, almost none point to the physical, spiritual, and moral quality necessary to make those rituals effective. Spiritual power demands physical health and the contemporary western practitioner can learn much from the ancient tradition of yoga.

Formerly handed down under oath of secrecy, this clear, concise handbook discusses: the fundamental principles of alchemy; directions for the formation of an inexpensive home laboratory, with illustrations of the necessary equipment; step-by-step instructions for the work of the Lesser Circulation, the alchemical transformation within the plant kingdom?the necessary prerequisite for any work in the mineral kingdom.

An herbal magick grimoire of philtres, elixirs, essential oils, incense, and formulas with dozens of recipes from a trusted author. Herbs have been used for medicine, magic, and ritual for centuries. The ancient arts of herbal alchemy and herbal magick combine the healing and energizing effects of herbs (roots, leaves, flowers, resins, and essential oils) with the cycles of the natural world - the astrological movement of the stars and planets, and the cycles of the earth's seasons. In this easy-to-use compendium of herbs and their energy associations, master herbalist and magick practitioner Karen Harrison offers formulas anyone can use to obtain courage, creativity, lasting health, prosperity, and enhanced psychic and spiritual powers. Harrison shows how to select herbs based on their astrological associations as well as their medicinal properties. With a materia magica of more than 150 herbs and a multitude of recipes, readers will learn how to blend incense, ceremonial oils, bath salts, herbal amulets, fluid condensers, and herbal philtres and how to use them in meditation, ritual, or energy work.

Using the ancient art of spagyrics for treatment of today ' s health problems • Contains detailed indications for using alchemical preparations therapeutically • Shows how the essences work holistically to heal the mind, body, and spirit with the energetic qualities of the plant • Provides effective therapy for a wide range of physical and mental disorders Spagyrics is a branch of medicinal alchemy that enhances the healing properties already existing in plants. Developed by Paracelsus, the magus and alchemist of the early 16th century, spagyrics is a holistic therapy that promotes healing at all levels of the human being--body, soul, and spirit. Spagyric essences harness the dynamic life force in plants that triggers recovery from the energetic imbalance of illness. The harmonizing and balancing qualities of spagyric essences differ from other plant remedies and aromatherapy oils because they not only include the plant ' s energetic information but also incorporate the salt of the plant, from which all toxic matter has been purged. The preparation of this alchemical medicine makes it possible to capture the full therapeutic spectrum of plants, including the cosmic energies they have absorbed. Alchemical Medicine for the 21st Century contains detailed indications for using these alchemical preparations to treat both physical and mental disorders. The author shows, for example, that the tincture made from dandelion is especially potent on liver-related ailments and also raises the spirit and frees the patient from anger and bitterness. The immune system is also boosted by this essence, providing tonic effects for allergy sufferers. The author, a homeopath since 2000, also shows how these spagyric essences can be potentized homeopathically.

Introducing the history and basic laws of alchemy and how they are linked to tarot, astrology, Qabala, and the four elements, this practical guide features safe, modern techniques for creating distillations, stones, tinctures, and elixirs for physical healing, spellwork, and much more. Original.

In The Weiser Concise Guide to Practical Astrology, Priscilla Costello introduces the reader to the basic principles of modern astrology and unveils the secrets of this elegantly developed language of symbols. Costello shares with the reader both the philosophical and esoteric world view of astrology, while exploring the meanings of signs, planets, houses, and aspects on many levels, as well as its connection to psychology, religion and spirituality, and related esoteric studies. The Weiser Concise Guide to Practical Astrology serves as both a primer for the new student of astrology and a handy reference for the more seasoned practitioner. As complete as it is concise, this course of study delves deeply into the history and true spirit of astrology, making it accessible to all.
