From the National Book Critics Circle Award-winning author comes the gripping true story of a sensational religious forgery and the scandal that shook Harvard. In 2012, Dr. Karen King, a star religion professor at Harvard, announced a breathtaking discovery just steps from the Vatican: she'd found an ancient scrap of papyrus in which Jesus calls Mary Magdalene "my wife." The mysterious manuscript,

which King provocatively titled "The Gospel of Jesus's Wife," had the power to topple the Roman Catholic Church. It threatened not just the all-male priesthood, but centuries of sacred teachings on marriage, sex, and women's leadership, much of it premised on the hallowed tradition of a celibate Jesus. Award-winning journalist Ariel Sabar covered King's announcement in Rome but left with a question that no one seemed able to answer: Where in the world did this history-making papyrus come from? Sabar's dogged sleuthing led from the halls of Harvard Divinity School to the former headquarters of the East German Stasi before landing on the trail of a Florida man with an unbelievable past. Could a motorcycle-riding pornographer with a fake Egyptology degree and a prophetess wife have set in motion one of the greatest hoaxes of the century? A propulsive tale laced with twists and trapdoors, *Veritas* is an exhilarating, globe-straddling detective story about an Ivy League historian and a college dropout--and how they worked together to pass off an audacious forgery as a long-lost piece of the Bible.

The Rise and Fall of Belief and the Coming Age of the Spirit There is an essential change taking place in what it means to be "religious" today. As religious people shift their focus to ethical guidelines and spiritual disciplines--not doctrine--we are seeing a universal trend away from hierarchical, regional, patriarchal, and institutional religion. Now, legendary Harvard scholar Harvey Cox offers a new interpretation of the history and future of religion, revealing how doctrines and dogma are giving way to new grassroots movements based in community, social justice, and spiritual experience. *The Future of Faith* is a major statement and a hopeful vision from one of the most revered theologians today.

Engaging narrative and provocative content come together in this mind-stretching and heart-challenging journey. Come with Kelly Monroe Kullberg on an intellectual road trip as *The Veritas Forum* explores the deepest questions of the university world and the culture at large. Discover that *Veritas* transcends philosophy or religion and instead brings us to true life.

The Market has deified itself, according to Harvey Cox's brilliant exegesis. And all of the world's problems--widening inequality, a rapidly warming planet, the injustices of global poverty--are consequently harder to solve. Only by tracing how the Market reached its divine status can we hope to restore it to its proper place as servant of humanity.

Kelly Monroe presents forty-two compelling testimonies from faculty members, former students, and orators at Harvard University whose reflections explode the myth that Christian faith cannot survive a rigorous intellectual environment.

In 1958, Bible scholar Morton Smith announced the discovery of a sensational manuscript—a second-century letter written by St. Clement of Alexandria, who quotes an unknown, longer version of the Gospel of Mark. When Smith published the letter in 1973, he set off a firestorm of controversy that has raged ever since. Is the text authentic, or a hoax? Is Smith's interpretation correct? Did Jesus really practice magic, or homosexuality? And if the letter is a forgery . . . why? Through close examination of the "discovered" manuscript's text, Peter Jeffery unravels the answers to the mystery and tells the tragic tale of an estranged Episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time. Jeffery shows convincingly that Smith's Secret Gospel is steeped in anachronisms and that its construction was influenced by Oscar Wilde's *Salomé*, twentieth-century misunderstandings of early Christian liturgy, and Smith's personal struggles with Christian sexual morality.

Reconstructions of Jesus occurred in Asia long before the Western search for the historical Jesus began in earnest. This enterprise sprang up in seventh-century China and seventeenth-century India, encouraged by the patronage and openness of the Chinese and Indian imperial courts. While the Western quest was largely a Protestant preoccupation, in Asia the search was marked by its diversity: participants included Hindus, Jains, Muslims, Catholics, and members of the Church of the East. During the age of European colonialism, Jesus was first seen by many Asians as a tribal god of the farangis, or white Europeans. But as his story circulated, Asians remade Jesus, at times appreciatively and at other times critically. R. S. Sugirtharajah demonstrates how Buddhist and Taoist thought, combined with Christian insights, led to the creation of the Chinese Jesus Sutras of late antiquity, and explains the importance of a biography of Jesus composed in the sixteenth-century court of the Mughal emperor Akbar. He also brings to the fore the reconstructions of Jesus during the Chinese Taiping revolution, the Korean Minjung uprising, and the Indian and Sri Lankan anti-colonial movements. In *Jesus in Asia*, Sugirtharajah situates the historical Jesus beyond the narrow confines of the West and offers an eye-opening new chapter in the story of global Christianity.
